

Prevocational Enterprise Program

TRAINING • COMMUNITY • BUSINESS SOLUTIONS

Milestone's Prevocational Enterprise Program provides training and paid work opportunities to support clients in meeting their employment goals. The program helps individuals contribute to the betterment of their communities while also providing quality production solutions to regional businesses through Milestone Packaging Services.

Milestone provides a structure of paid and unpaid activities that promote skill growth and independence necessary for success in employment volunteerism, and/or overall participation in the community.

Clients are provided the opportunity to observe and practice conventional work routines and are offered support and instruction to promote safety, professionalism, and readiness for community employment and interaction.

Milestone's Prevocational Enterprise Program also provides clients with opportunities to become more involved in the community. Our clients visit nursing homes, food banks, libraries and other locations to assist with various activities and programs. They develop relationships and friendships within the community, enriching their lives, creating connections and expanding their social circle.

Did you know?

Milestone staff and clients are trained in the Sanctuary® Model – a guide for creating and maintaining a safe, democratic environment where healing occurs. Sanctuary focuses on healing from trauma, such as loss, stress or adversity, and provides a welcoming environment for our clients, their families and our staff.
